PROFESSIONAL SUMMARY

Informatics student at UPN Veteran Jawa Timur focused on full stack development, artificial intelligence, and cloud technologies. Currently developing practical skills in Python-based back-end development, modern web applications, machine learning, deep learning, generative AI, and Google Cloud. Seeking an internship or collaborative project where software engineering and AI can be applied to solve real problems.

EDUCATION

Universitas Pembangunan Nasional "Veteran" Jawa Timur | Surabaya
Informatics | Aug 2023 - Aug 2027 (Expected)

- Learning focus: full stack development, software engineering, artificial intelligence, machine learning, data science, and cloud computing.

TECHNICAL DEVELOPMENT

- Studying Python back-end development, RESTful application concepts, web application architecture, and deployment fundamentals on Google Cloud.
- Building foundations in machine learning, deep learning, data science, generative AI, and prompt engineering through structured Dicoding programs.
- Learning how AI capabilities can be integrated into web and mobile applications, including machine learning implementation for Flutter and web-based systems.
- Developing complementary knowledge in UX design and project management to support product-oriented software development.

SELECTED CERTIFICATIONS

Building Machine Learning Systems - Dicoding Indonesia | Jul 2026
Fundamentals of Deep Learning - Dicoding Indonesia | Jul 2026
Fundamentals of Generative AI - Dicoding Indonesia | Jul 2026
Applying AI in Web Applications - Dicoding Indonesia | Jul 2026
Back-End Development for Beginners with Python - Dicoding Indonesia | Jun 2026
Back-End Applications for Beginners with Google Cloud - Dicoding Indonesia | Jun 2026
Google Cloud Fundamentals - Dicoding Indonesia | Jun 2026
Machine Learning for Beginners - Dicoding Indonesia | Jun 2026

CORE SKILLS

Python
Back-End Development
Web Development
Artificial Intelligence
Machine Learning
Deep Learning
Generative AI
Data Science
Prompt Engineering
Google Cloud
Cloud Computing
UX Fundamentals

CAREER FOCUS

- Full Stack Development
- AI Engineering
- Software Engineering
- Cloud-Based Applications

ADDITIONAL CERTIFICATIONS

AI Fundamentals
Data Science Fundamentals
UX Design Fundamentals
Project Management Fundamentals
Prompt Engineering for Software Developers
Machine Learning for Flutter

LANGUAGES

Indonesian - Native
English - Basic

PROFESSIONAL STRENGTHS

- Structured problem solving
- Continuous learning
- Team collaboration
- Product-oriented mindset
